

YOU KNOW YOU'VE BEEN IN SPEECH
TOOOO LONG
WHEN.....

- ← **You know your way around other schools better than your own.**
- ← **In your wardrobe, you have more suits than jeans.**
- ← **Talking to yourself is ordinary.**
- ← **Every short story you read in English class makes you think about how you could cut that story down to under 10 minutes.**
- ← **When your referring to you're piece, you're not talking about a gun.**

- ← **Perfecting multiple personalities is your goal.**
- ← **You're on a first name basis with the janitors.**
- ← **You know where and what Djibouti is.**
- ← **You've ridden on a school bus in your pajamas on several occasions.**
- ← **You get excited every time you see someone with a small, colored piece of paper.**

- ← **Three dollars for a slice of burnt pizza seems like a deal.**
- ← **You spent more time practicing than at your part time job.**
- ← **You can out speak the Micro Machines man.**
- ← **You're in school six days a week, and it's not because you skipped detentions.**
